# Conversations of the Satellites

Curated by Kester of Harlan

This book is a private publication that exists only for the pleasure of the Chalk Man Satellites. All other uses are null & void.

In the 70's & 80's, a group of fun people created the group pseudonym Kester of Harlan to share words. The name is resurrected here to indicate the contributions and words of many, though curated by a committee of one. Released Sunday 31 July 2022 at the Pennsic War at Cooper's Lake.

JOHN: Jeff is the center of all this.  
We all know each other because of him.  
JEFF: Let's talk about regrets.

## **CAMPING, it's IN TENTS #1**

not going to the real Not War Practice.

### **Animal Learning #6:**

So in summary: nipples.

### **Call & Answer #5:**

to put your head there.

### **Wisdom #27:**

if he was dead it wouldn't matter
